

WILL THE ANTICHRIST DESTROY US?

A strange question. Isn't it? There is no Antichrist yet, you might say, and here conspiracy theories are already being created. Really? Are you wrong? Let's reason together.

Every person is at war every day with...something within themselves or with something in the real world. The war marks our souls, seals them, and the Eye of God sees it all., *reads information*. All our actions and feelings are information that flies in photon bodies through our entire nervous system, our entire organism. This is proven. Let's look through the prism of God's Eye at the most important *war zones*, - to those that are happening within us and behind us. Let's look at the methods by which they work against God's order and against us specifically.

Television and social media have already penetrated even beyond the monastery walls. The priests work in a "new system" created by...**Ah, who created that social networking system?**Someone proposed a new model of communication that everyone liked and everyone rushed into that virtual space to look for what they wanted. Some for love relationships, some for money, some for ...enemies. And it began **virtual battle**, whose victims themselves pay the creators of the system with their blood and money. The system has become more cunning and fiercer. It has declared itself the World Government, it has begun to worship the Antichrist.

Do not be afraid of "his power," it is not the Antichrist who will destroy us.It is believed that before His coming we will have already created **your spiritual orientation (spiritual protection)**. Who knows?...It will be all right. Modern man lives relaxed in his precious social networks like little fish...Now everyone is silent about the Lord, silent about the omnipotence, mercy and love of the Holy Spirit. There is no time to think about it. Right?

Everything will happen gradually... The real Antichrist will appear when we, without realizing it, will hand over all power to him and there will be only one ruler left on earth. Now every state has *own* guide. So far we have *own* elected government, but one day it may betray the Antichrist (like Orban to the Crooked Butler). And then... rivers of blood will flow again until we are freed from the yoke of the enemies. If we are freed.

I deliberately write in religious terms because they are clearer and more real. These are not philosophical digressions or political science. The Antichrist himself speaks in religious terms, so you need to know them.**The Antichrist has already announced himself in a new**

creator of Christianity. He even has his own church and loyal servants in the corridors of US power. Don't you believe it? Yes, there are many naive believers in America's power and role as a savior. Get up. Don't panic. But avoid and fear your sins, which pave and smooth the way for the coming Antichrist. **The greatest sin is to believe in him instead of in God's Love.** Life is hard now: an avalanche of frightening information is shaking the already fragile balance of the world. To avoid such a painful reaction to these storms caused by the Antichrist, **we must firmly believe that only God rules the world**, and try, as much as possible, to live according to God's commandments. No one knows when that Day will come when the Lord will judge the living and the dead, when He will assign punishment or blessing to each person according to his works?

The Lord, Jesus Christ, spoke with His purest lips at that time:

"But of that day and hour no one knows, not even the angels in heaven, nor the Son, but only the Father." (Matthew 24:36-39).

"Therefore you also be ready, for the Son of Man is coming at an hour you do not expect."

"Do not expect." (Matthew 24:44)

"But the day of the Lord will come like a thief in the night, in which the heavens will pass away with a great noise, and the elements will melt with fervent heat, and the earth and the works in it will be burned up." (2

(1 Peter 3:11)

The main disaster of our time lies precisely in the exceptional human in spiritual blindness. A spiritual mind that can clearly see the Light of Truth is now becoming an extremely rare phenomenon. A carnal mind, caught up in the things of this life, loving only earthly things, is always opposed to divine teaching and revelation. To gain spiritual wisdom, you must first **to know oneself...said St. Thomas:**

"When you know yourself, then you too will be known and you will know that you are a son of the living Father.

And if you don't know yourself,

At that time you are in trouble and you yourself are the trouble."

But you don't believe the words of this evangelist? Is that true? I see it and I know it. You don't believe the words of Jesus Christ either. So what? Your will. Democracy...

For those who will come across my website www.sviesoskeliu.lt (and read the book, in the same way) *naive* (namely, because there is no such path and there cannot be one...), I would like to suggest that you think about one topic: **why the kingdom of the Antichrist is disastrous for human civilization and for you directly.**

The introduction is finished. Maybe some people stopped reading before finishing the introduction...I wouldn't be surprised. I find such "readers" very funny. Let's start talking about what's happening in our world right now.

ABOUT THE CIVILIZATION OF HOMOS SAPIENS

The entire path taken by humanity - from the Stone Age, slavery and the colonial period to capitalism with its scientific and technological progress - are interconnected processes, arising from each other. If humanity were to follow this path of civilization development again, it would repeat itself in all its stages. This is how the earthly mind works.

It has been established that the problem of every civilization has been and is that as it develops, at the end of its maturation cycle, a pattern emerges known as ***degradation trap***. Once they enter, civilization ceases to fully develop and begins to destroy itself. Just as every person who ignores himself as a spiritual being gradually degrades over the course of his life.

Historians explain this phenomenon of degradation as follows: When, in the early stages of capitalism, power gradually passes from monarchs and heads of state to the hands of financial magnates, financiers begin to control states and the world through their capital. **Western democracy has created all the conditions for financiers to appoint their own people to power, and most government officials become puppets of big business.** (regardless of party affiliation). Money becomes a tool of power, and power turns into a profitable business. The merger of business and power paves the way for the concentration of all wealth and enrichment in one hand, both within one country and throughout the world. The world inevitably follows one path: **the rich get richer, the poor get poorer**. When, after reaching a certain level of scientific and technological progress, the rich get richer and the poor get poorer, there is **the straight path to the kingdom of the Antichrist. It is the trap of civilization's degradation.**

The financial and technological elite understand that by seizing all the planet's wealth in one hand (which is what the American government is currently doing with its war on Iran), it will push

billions of people into poverty. The elite is well aware that this can cause social upheavals in individual countries and the world. Therefore, in order to prevent mass outrage, the elite is interested in (to justify their evil deeds) establishing *your church, your religious ideology* and even the kingdom of the Antichrist on Earth. The main goal of the kingdom of the Antichrist is to quell any discontent among citizens in localities (fiefdoms) and across the planet.

For this purpose, elements of electronic slavery are already being implemented today (not only mobile phones, social networks, various tracking devices) so that the slightest discontent can be identified and suppressed before it spreads among the masses. For example, from time to time Google keeps reminding me that I have not set my specific location, and I ignore and delete that message every time. It's fun to fight the creators of the Antichrist kingdom.

Let's move on. **The next stage in creating that so-called "kingdom" is to make discontent useless.** Citizens should be divided into castes (similar to the Hindu religion) based on their access to social benefits, depending on their loyalty to the ruling elite. Dissatisfied citizens would end up in the lowest caste, their standard of living would become very low and everything would be restricted. Of course, this would be of no use to the citizens and they would submit to the demands of the government. **The highest caste in terms of access to benefits and wealth is occupied by a select minority, that is, the financial-technological elite.**

Looking even further, the actions of the financial elite in creating that "kingdom" would be **to turn people into caretakers.** Their former jobs would be replaced by robots (plus the development of AI), which do not require salary and do not imply dissatisfaction. Here is **the end of capitalism**, which neither Marx nor Engels predicted. The era of capitalism will end because consumerism will disappear - most people will be unemployed and will not have enough money to buy anything. Buying and selling will be possible only with permission, as goods will be distributed among castes. Billions of people will receive unemployment benefits and will be considered parasites. Within a few generations, these parasites will worship their breadwinners (the ruling elite) as gods for free food and alms. Thus, people will be turned into obedient cattle. Over time, the number of parasites (billions of people) will decrease to a few million - only the most useful and talented citizens will be allowed to reproduce. **The financial elite would create a unipolar world with a global government and the throne of the Antichrist.** Thus, humanity would fall into the trap of the Antichrist, from which it would be almost impossible to escape...unless the Sun and Heaven came to save people and the planet, sending

natural disasters to Earth. In this way, the electronic-technological system would be destroyed by one hyper-powerful solar flare and floods. **This has already happened in Canada.*** The idea of the Antichrist is slowly taking shape in the United States. Don't believe it? Then follow the story further.

According to the Bible, the Antichrist will be a Jew. "What's up now?"–you will say indignantly, – and Anti-Semitism again?" No. It's just what the Bible testifies to. After all, you can't erase what is WRITTEN. The Lord Jesus once said to his Jewish contemporaries:

"I have come in my Father's name, and you do not receive me. But if another comes in his own name, name, you will receive it" (John 5:43).

From these words it is clear that the Jews will one day choose a false messiah, that is, the Antichrist, instead of the true Messiah, the Lord Jesus Christ. The Church Fathers of the first four centuries, Irenaeus, Hippolytus, and Ambrose, based their opinion on this: that the Antichrist as a person will come from the people of Israel. This should not be surprising: the Jews will never accept a Messiah who is not from their people. They did not recognize Jesus Christ. This is also a fact. Let us move on.

When the Antichrist appears, a time will come such as has not been since the beginning of the world until now. "Now and never shall be" (Matthew 24:21).

This refers to a terrible time the world has never seen, a time when "lawlessness will abound" (Matthew 24:12) and evil will rage on the earth on an unimaginable scale. However, God has set strict limits for this time that cannot be violated. Of course, the expression "*There is a time for everything.*" (Ecclesiastes 3:1) applies here too. God can rule with his mighty hand even in this most terrible time!

How long will the Antichrist rule the earth?

As has been shown many times, the Antichrist is the diabolical opposite of Christ. Therefore, he will carry out his destructive work on earth for as long as our Lord, as the Messiah, carried out his work for our salvation. From the accounts of the Evangelist John, it is easy to determine the duration of the Lord's public ministry: it lasted about three and a half years. From the beginning of His ministry until "death on the cross" (Phil. 2:8), He visited Jerusalem only three times for the Passover (John 2:6; 12). Since the Passover always took place once a year in the spring, and some time passed before His first visit to this feast, it becomes clear that the Lord carried out His ministry for more than three years. Following the Messiah, **The Antichrist will also carry out his work of deceiving people for three and a half years.**

Bible scholars say that during the first 3.5 years of his reign on earth, the Antichrist will successfully bring peace and prosperity to humanity. He will appear as a long-awaited savior in difficult times, a superman who seems to be able to solve insoluble problems. Given his incredible successes in various areas of public life, the whole world will enthusiastically applaud him. The Antichrist will build a "third temple."

But the main sign of this first period will undoubtedly be that people will say: **"Peace and security"**(1 Thessalonians 5:3). Even today, "peace and security" are a common theme in world politics. The slogan "to make peace..." is widely known, and modern Judaism teaches that mankind must first achieve universal peace before the Messiah appears, who will then "reign" in peace over the earth. Roman Catholic Pope Leo XIV also prays for peace. Although there is fierce war going on...

Thus, the Antichrist will captivate the world with his great talk of peace, and the opinion will spread everywhere that this problem has finally been solved. However, this short period of peace, external prosperity, and universal security will be nothing more than **dangerous deception**. (For example, US President D. Trump is called the world's greatest **lottery**, who turned the stock market into his personal ATM.) The so-called Antichrist is and remains a deceiver of the nations of the world and a **deceiver of lost humanity, remaining in unbelief. True peace without God is a complete utopia, especially for the "lawless"**(2 Thessalonians 2:8), **God's "enemy"**(2 Thessalonians 2:4), **in the kingdom**. Therefore, the closer we get to this evil time, the more important the warning of the apostle Paul should be. Paul, who already then prophetically saw the short-lived nature of this supposed peace in the kingdom of the Antichrist and wrote about it to the Thessalonians:

"For when they say, 'Peace and safety,' then sudden destruction comes upon them. destruction... and they will not escape" (1 Thessalonians 5:3).

**The prophet Jeremiah also condemned the false cry of peace among
in the words of the people in the Old Testament:**

"They are saying: 'Peace! Peace!' when there is no peace." —Jeremiah 6:14.

So, after 3.5 years, the Antichrist will suddenly break his covenant with Israel, and instead he himself will "sit as God in the temple of God, showing himself that he is God" (2 Thessalonians 2:4). The Roman Caesars had already exalted themselves to the level of deity

level, - the Antichrist will go even further. He will declare himself to be a god! Because of this arrogance, he will demand divine respect and worship from all people, and he will achieve this by violence (cf. Rev 13:15). However, the Jews will resolutely rebel against this claim, because their belief in one God does not allow them to give divine respect to a man. Therefore, they will never worship a man, not even the Antichrist, but exclusively God. Because of their refusal to be "more obedient", the Antichrist will finally take off his mask, starting the most brutal persecution of the Jews in all history. In the Gospel of Matthew, the Lord Jesus Christ calls this period ""...**great tribulation, such as has not been since the beginning of the world until now, no, nor ever will be**" (Matthew 24:21). According to the Bible, at that time the great tribulation and purification will take place, and the remaining people will accept the Lord, Jesus Christ, with all their hearts and cry out: "**Blessed is He who comes in the name of the Lord!**" (Matthew 23:39).

The Great Tribulation will affect the entire world - not just Israel. By the time the Great Tribulation comes, atheism and hostility to Christ will have reached an incredible level worldwide. Whoever believes in Christ to the end will be saved. **This monstrous event will reveal the complete inadequacy and corruption of ungodly human nature.** People will worship the "beast," the Antichrist, with godly reverence and at the same time marvel at his terrifying power. In so doing, they will inevitably incur the righteous judgment of God. **If humanity does not desire heaven, it will receive hell. And the times of the Antichrist will be an unparalleled hell on earth!**

* A solar flare in 1859 is believed to have triggered a coronal mass ejection that caused the Carrington event, a geomagnetic storm considered the most intense in history. It disrupted telegraph services worldwide, sparking telegraph lines and, in some cases, shocking telegraph operators and setting their stations on fire. It also caused dazzling auroras in the northern and southern hemispheres, illuminating the sky so brightly that newspapers could be read.

According to The Hill, power and telecommunications companies are now working to implement systems to mitigate the effects of such a geomagnetic storm. However, such an event could have serious consequences, especially since more technological systems are at risk than in 1859. "If a Carrington event were to occur today, it would have even more serious consequences. For example, widespread power outages, permanent blackouts, and global communications disruptions," NASA scientist Vanessa Thomas wrote in 2023. "Such technological chaos could paralyze economies and threaten human safety and livelihoods around the world," she added.
